TEACHER PROFESSIONAL DEVELOPMENT

Professional Development for Teachers

During our monthly conversations, we will take time to pause, focus on you the teacher, and explore how you can support your classroom either in person or virtually during these challenging times. We will provide simple and practical developmental tools to help you and your students be calmer and more focused.

Monthly 45 Minute – 1 Hour Conversations via Zoom

Kathy Hegberg and Amanda Petersen will facilitate conversations with monthly guest speakers who are experts in the field of education, mindfulness, and child development. Featured guests will also include teachers from other communities who are invested in doing this important work. *You will receive salary advancement or continuing education credit each time you participate in a live Zoom chat.*

2020-2021 Schedule

- October 5
- November 2
- December 7
- January 11
- February 8
- March 1
- April 5
- May 3
